

Student-to-Adult Relationship Mapping

Student Survey Questions

Purpose of Survey:

- To understand how many school adults and peers each student has a trusting relationship with in order to identify students to build/strengthen relationships with this school year (*provided to School Champion*)
- To understand students' perceptions of their connections with school adults and what their school can do to build stronger student-adult relationships

Intro Script (also included in the student survey):

Dear Student,

This survey includes questions about your relationships with your fellow students and school adults. Please answer each question as honestly as you can.

We will only share your name along with your answers about your relationships with school adults, peers, and friends in order to support an effort to build stronger relationships at school. Your responses to all other questions will be combined with other student responses to ensure school staff can't identify how you responded.

Your participation in this survey is completely voluntary. Your grade for this class will not be affected by a decision not to participate.

The survey will take you about 5 minutes or less.

By clicking the arrow to go to the next page, you agree to take part in this survey. Thank you for your time!

Questions Included on Pre and Post-Surveys:

1. First name
2. Last name
3. What grade are you in?
